

Template Week 7 – Host your website on GitHub

Student number: 575798

Domain name (URL) of your website on GitHub:

<https://sheetalmacharla.github.io/My-website/>

Relevant screenshots + motivation:

As you can see in the screenshots, I have created my own website with the links to each week's assignments. The website is deployed from the main branch and served from the root directory.

Ready? Save this file and export it as a pdf file with the name: [week7.pdf](#)
